SUBJECT

Kappa municipality.

Bye-laws regarding the water supply framed by the municipal Council under Section 68 (b) of the Kappa Municipal Regulation VII of 1906

(1) No person shall wilfully or negligently (a) remove break, injure or open any lock, cock, valve pipe-work or Engine belonging to or under the control of the municipality in connection with the water supply or

(b) Flush or draw off any water or demand from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated or

(c) Obstruct, divert or in any way injure or alter any water meter or duct.

(2) The water supplied by the municipality is sanctioned primarily for domestic use and therefore water from a public stand or tap shall not be taken for garden, irrigation or for building purposes In the latter case the previous sanction in writing of the President should be obtained on such conditions

as may be settled by the Municipal Council

(3) No person shall bathe or wash any animals clothes or animals at any public Stand posts or taps which are not Specially set apart for the said purposes

(4) No person shall do anything to damage or disfigure the Stand posts or plat forms or to obstruct the free flow of water from the platforms

(5) No person shall water any animals at any public Stand pipe or Cistern except at places prescribed by the Municipality for that purpose by notice posted there at

(6) The Municipality may at any time with proper public notice Stop the Supply of water whenever it may appear to be unfit for use by the public

(7) The president or his authorised Agent Shall have power to Stop or reduce the Supply in any public Main or Sub-main for repairs or renewals without any notice.

But when slippage is over an extensive area or is due to exigencies which can be foreseen such previous notice as is possible under the circumstances will be given by general Tom Tom

(8) Applications for attachments from the public mains are to be made on prescribed forms to the President who is authorised to comply with such requisitions by owners of property who are required to lodge with him, the cost of the attachment as may be estimated for, before the work is begun All applications should be accompanied with a deposit of Rs 25/- which will be adjusted towards the cost of attachment subsequently

(9) until further orders private house service connections will be limited to houses paying house tax not less than Rs 0-2-0 a year in localities where a supply can be given without detriment to direct service provided there are facilities to make proper arrangements for draining off the waste water to the municipal drains.

(10) For houses taking $\frac{1}{2}$" connections a maximum of three taps may be given Free of annas Eight

for each ½" connection will be charged per month. Connections for non-domestic purposes will be charged at Rs. 3/- per annum.

(11) Service pipes to private properties shall be laid only by plumbers duly licensed by the President and approved places and specifications under conditions and rules sanctioned by the Municipal Council. The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the president or his authorised Agent.

(a) No alterations or additions shall be allowed without obtaining the sanction of the president.

(b) Repairs may however be carried out by owners of properly after giving notice to the President of the nature of repairs to be done, the work being entrusted to the licensed plumbers only

(12) The water rate and other charges due under these rules are to be collected by the President of the Municipality or his authorised Agents half yearly along with the house tax

owners of houses or property shall be solely responsible for the payments of all the charges due under rules, which shall be recoverable in the manner laid down in chapter VIII of the Municipal Regulations The president may however receive payments from (1) Agent or (2) a Tenant

(13) The President or his authorised agent may at all reasonable times and with the permission of the owners or if permission be refused after giving Six hours notice enter any premises in which there is a water connection in order to inspect and examine or repair the same.

(14) The President or his authorised Agent shall have the power to cut off the connections between the private pipes and the public mains in any of the following cases —

(a) In default of payment of the water rates and other charges due under the rules with in 20 days after the same shall have been demanded in writing or presented,

(b) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the

Connection is granted - provided that six days' previous notice is given in writing

(c) In case of leakages of pipes or other defects in the private service arrangements likely to cause loss to Municipality, provided 48 hours' notice is previously given

(d) The water is allowed to run to waste after the owners or occupiers have been warned in person or written notice against allowing such waste

(e) In any case of broken pipes or fittings causing loss of water likely to cause damage to property, when such notice as may be possible shall be given

(f) In any case of refusal to allow the President or his agent to enter on any land or building for the purpose of inspecting Service pipes, fittings etc

(15) The above bye-laws shall apply to Municipal Installations to public Street fountains which have been or may be allowed to be erected at the expense of private individuals for dedication to public use

(16) Any person infringing any of the bye-laws from 1 to 6 inclusive shall

be liable to be punished with a fine not exceeding Rs 50/- on conviction before a magistrate

President
Kadur Municipality

For Deputy Commissioner
Kadur District

1 No person shall wilfully or negligently (a) remove, break, injure, or open any lock, sock, valve or pipework belonging to or under the control of the Municipality in connection with the water supply or

(b) flush, or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated, or

(c) obstruct, divert or in any way injure or alter any water m or duct

2 The water supplied by the Municipality is intended primarily for domestic use, and therefore water from a public standpost or tap shall not be taken for garden, irrigation or for building purposes In the latter case, the previous sanction of the Council should be obtained on such payment and under such conditions as may be settled by them

3 i No person shall bathe, or wash any animal, vehicle, clo or utensils at any public standpost or tap which is not specifically set apart for the said purpose

ii No person shall spit into or within 10 yards of any public standpipe cistern trough or Chistis' service

4 No person shall do anything to damage or disfigure the standposts or platforms or to obstruct the free flow of water from the platform

5 The Municipality may at any time with previous public notice stop the supply of water whenever it may happen to be unfit for use by the Public.

6 The Municipal Council or their unauthorised agent shall have power to stop or reduce the supply in any public main or submain for repairs or renewals without any notice, but when the stoppage is over an extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general Tom - Tom. The President may from time to time by public notice prescribe the hours between which the private connections of the several localities are to be stopped provided that except in the case of urgent public exigencies such a stoppage shall not be prescribed more than 16 hours in the day.

7 (a) Applications for attachments from the public mains are to be made to the President who is authorised to comply with such requisitions by owners of property, who are required to lodge with him the cost of the attachment as may be estimated by the public Work Officers before the work is begun.

(b) The applicant shall continue to pay the private connection water rate on due date until he has given a written notice to the President to cut off the connection, provided that any such notice given during the course of half year shall take effect at the commencement of the next half year beguining with 1st July or 1st January.

No refund or revision of water rate or other charges and no compensation of any kind shall be claimable in respect of the stopping or cutting of any private connection under this bye-law, nor shall such stoppage or cutting off relieve any person of any penalties or liabilities he may have incurred prior thereto.

8 Until further ammendments, private house service connecti ns will be limited to houses paying a house tax of not less than Rs. 3/- a year in localities where a supply can be given without detriment to street service provided there are facilities to make

make proper arrangements for draining off the waste water to public drains.

9. For houses taking ½" connection a maximum of 3 taps may be given; and for those taking ¾" connection a maximum of 2 taps may be given.

A fee of Re. 0-8-0 for each ½" connection and Re. 1-0-0 for ¾" connection will be charged per month.

10. Connections for non-domestic purposes, such as factories, hotels, building purposes etc., shall be charged for at such rates as may be fixed by the Municipal Council, from time to time. These charges shall however be not less than double the charges for domestic connections.

11. Service pipes to private properties shall be laid only by plumbers duly licensed by the Executive Engineer, Water supply Division, Bangalore.

The final connection between the private service pipe and the public water main shall not be allowed until the work is inspected by the President of the Municipality or his authorised representative.

No alteration or extension shall be allowed without obtaining the sanction of the Municipality and such work shall be carried out only by the licensed plumbers.

Repairs may however, be carried out by owners of property after giving intimation to the President of the nature of repairs to be done, the work being entrusted to licensed plumbers only.

12. The President or his authorised agent may at all reasonable times and with the permission of the owner or if permission is refused, after giving six hours' notice, enter any premises in which there is water connection in order to inspect or examine or repair the same, provided that due regard be paid to the social and religious prejudices of the occupier.

13. The President or authorised agent shall have the power to cut off the connection between the private pipes and public mains in any of the following cases:-

(a) In default of payment of the water rate and other charges due under the rules or if any bill presented on account of repairs etc., within 15 days after the same shall have been demanded in writing or presented;

(b) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connections is granted, provided that six days' previous notice is given in writing;

(c) In cases of leakage of pipes or other defects in the private service arrangements likely to cause loss to the Municiplaity provided that 48 hours' previous notice is given;

(d) If water is allowed to run to waste, after the owner or occupier has been warned in writing against allowing such waste;

(e) In any case of broken pipes or fittings causing

causing loss of water likely to cause damage to property, when such notice as may be possible shall be given;

(f) In any case of refusal to allow the President or his agent to enter on any land or building for the purpose of inspecting service pipes, fittings etc.,.

14. (a) In cases of limited supply either in the tank or in the service reservoir the President or his authorised agent shall have power to reduce the supply and to regulate the hours of such supply rateably to the quantity available, to street pipes or to private connections.

(b) The Power of making any additions or alterations to the above bye-laws shall be in the Municipal Council as may be required from time to time.

15. The above bye-laws apply " Matatis Mutandis " to punlic street fountains which may be allowed to be erected at the expense of private individuals for dedication to public use.

16. Any person infringing any of the bye-laws from 1 to 4 shall be liable to be punished with a fine not exceeding Rs. 50/- on conviction before a Magistrate.
